SLOW FLOW YOGA

A gentle hatha flow class for all levels.

VINYASA FLOW YOGA

A sequencing of movements and postures synchronized with the breath. Generates heat, eliminates toxins and develops flexibility, stamina and balance.

YIN YOGA

Yin yoga is a slow-paced, meditative style of yoga that focuses on holding poses for extended periods.

SOUND BATHING

Held in the Fairmont Spa's Recovery Lounge, guided by intention and immersed in soothing frequencies, you're gently led into a state of deep restoration, alignment, and quiet clarity.

RESTORATIVE MOVEMENT

A slower-paced class designed to build strength through control, awareness, and breath. Blending elements of mobility, stability, and low-impact strength work, this session focuses on improving joint health, posture, and movement quality. Expect controlled exercises, longer holds, and time to truly connect to how your body moves and feels.

Suitable for all levels, particularly those looking to support recovery, reduce injury risk, or build a stronger foundation.
